Mechanic helpdesk query

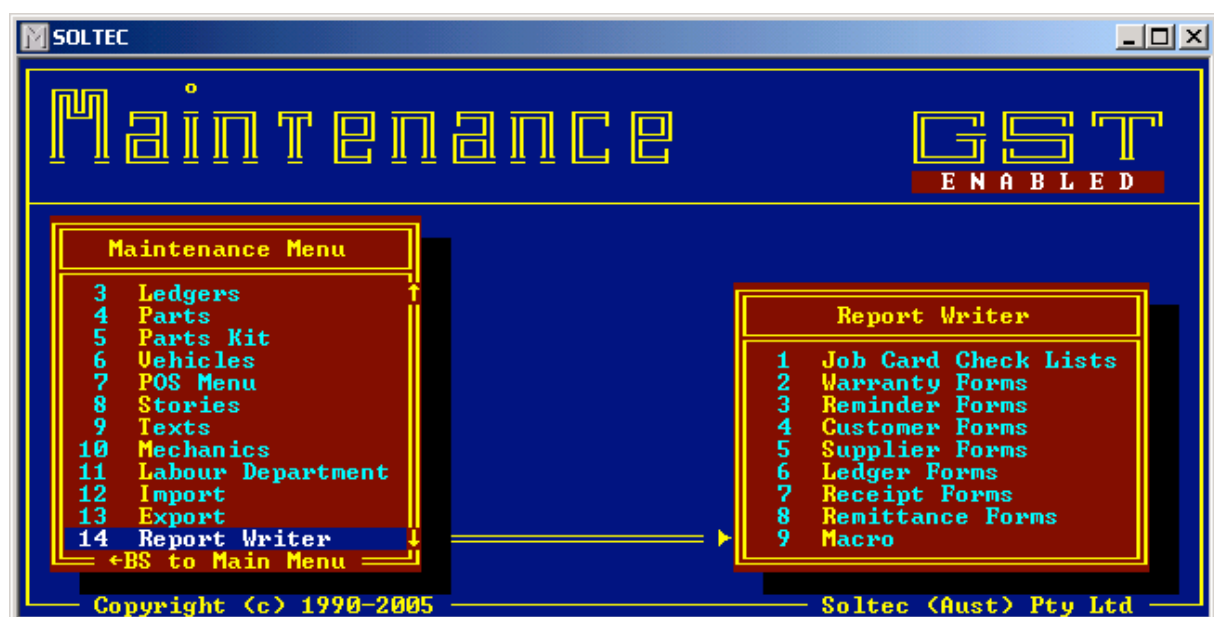

How to create and use a warranty form.

Mechanic is able to print warranty forms for customers, checklists for job cards, reminders for customers and other types of forms.

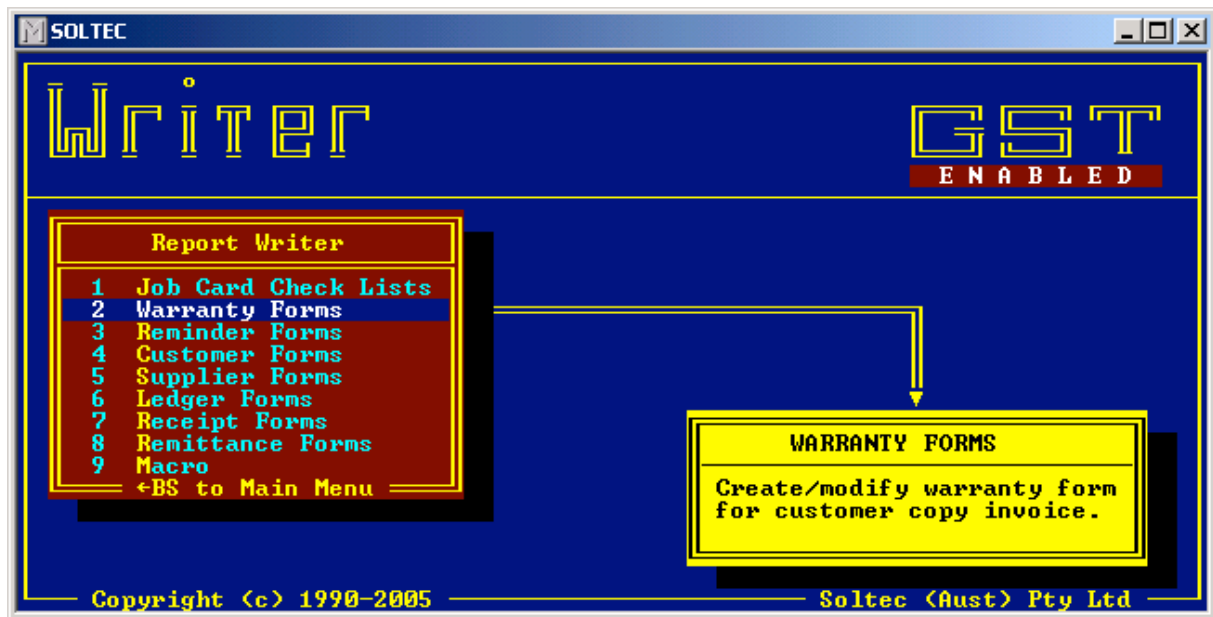

The following procedure shows how to create and use a new warranty form.

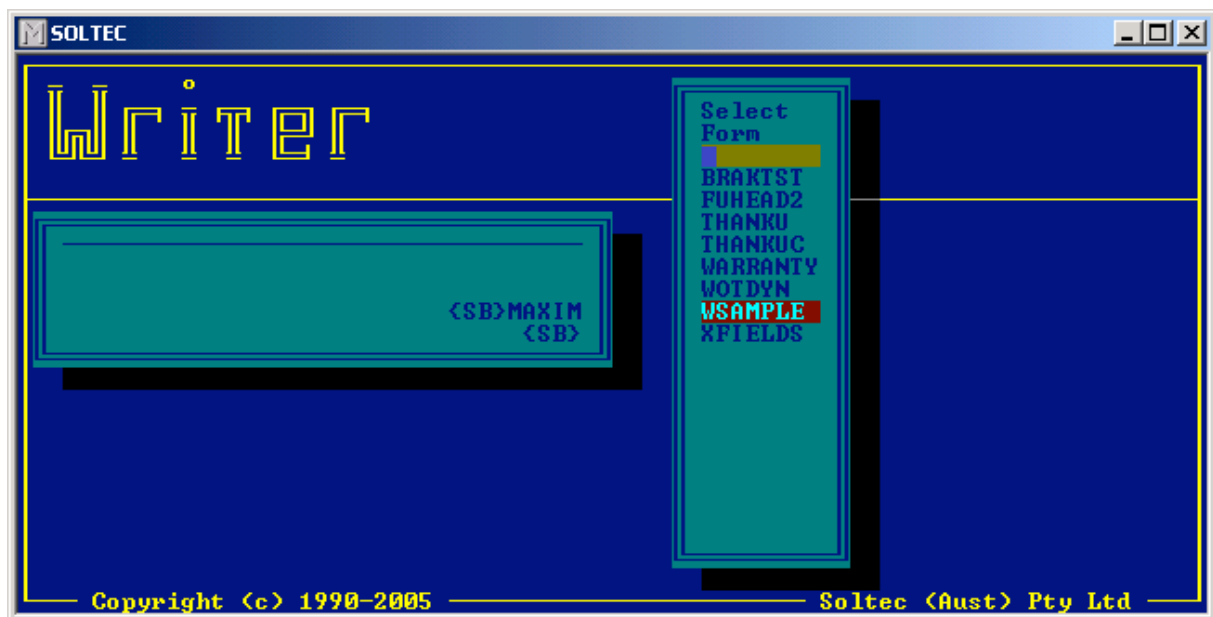

From the main menu select maintenance – option 5.

From the maintenance menu select report writer – option 14.

From the report writer menu select warranty forms – option 2.

In this example we will copy an existing form to create our own.
Arrow down to “wsample” and press [ENTER].
